

# President's Report 2021

- All Activities of the first qtr. were cancelled.
- In May we added a new destination event Birds & Bier with ~ 10 participants. The event was fun and should continue to take place but we should schedule it earlier to hit the bird migration. The beer was very good and refreshing.

## Presidents Report – P2

- On fathers day we meet at Foster for the Sunday Brunch at the Lake.

With fantastic weather we had a record-breaking turn out with over 20 families and about 70 people. The highlights were the home made breads and birchermuesli.

# Presidents Report – P3

- With the pandemic being semi under control we decided to move forward with the August first. We were blessed again with stellar we celebrated Switzerland's birthday with clos to 120 people.

The brats and cervelats were as always a big hit so were the salads and the desert.

As tradition holds we sang the national anthem and closed the event with the Lampion parade lead by Cowbells.

# Presidents Report – P4

- On the third September weekend we meet up at the Sweetminihaha camp ground near Albany Wisconsin for the Canoe weekend. The weekend has become the favored event for many members. Some camped some glamped and some stayed in New Glarus in the hotel. All came together on Friday night for a fun evening around the camp fire. On Saturday morning the fun moved to the sugar river. 12 canoes were launched and just about 1 hour later the lunch destination was reached where a wine tasting and the traditional Sausage lunch awaited the group.

The group enjoyed a very relaxing lunch time and finished the afternoon with much relaxation on the lower portion of the river. The highlight of the day, the Fondue under the stars was super fun and good. The yodel from the Z'Graggens during the Dinner and later at the campfire made us all feel we were back home in Switzerland. Close to 30 had a great time together.

## Presidents Report – P5

- Unfortunately we couldn't hold any further events and with that, Ticino night as well as Samichlaus and Cookie baking was cancelled.
- The board of the club did setup the Christmas tree at the Museum of Science and Industry in November and took it down in January and the many ornaments and candles are back in storage waiting for their next use at Christmas.

- Stammtisches:
  - We held several Stammtisches during the year with more and less participation. Anywhere between 1 to 30 gathered in different locations throughout the city.
  - Over the Holidays we paused the Stammtisch but will pick it back up in February. Stay tuned for the e-mail and always check the Website and our Facebook Page for new events.

## Presidents Report – P6
